Final Note by the Second Member of Council.

Subject:—

Grant of 8 months' combined leave to Dr. Mylvaganam and acting arrangements for his work.

In February last year Mr. Mylvaganam expressed a desire to acquaint himself with the latest developments in Medical Science and requested that he might be sent to England on deputation for this purpose. But in view of the financial stringency he was informed that his deputation to England at the expense of Government was not possible. He has now renewed his application with the request that if his deputation cannot be sanctioned he may be granted privilege leave combined with furlough on average salary, under Article 209A M.S.R., for eight months with effect from the 1st May 1923. He is entitled to this leave and there can be no objection to grant this alternative request.

The matter was considered in Council and it was resolved that the leave might be sanctioned and Mr. Mahomed Usman, Medical Officer in charge of Krishnarajendra Hospital, appointed to act as Senior Surgeon and Sanitary Commissioner.

The Resolution of the Council may be graciously approved.

Bangalore,
7th April 1923.

CB
27 MAR 1923

Sir,

Adverting to the correspondence ending with your D.O. letter No. 5324- C-B. 180-21-2, dated 25th February 1922, I have the honour to renew my request to be allowed to proceed to England this year, with a view to obtain first hand knowledge of the advances made in the Medical, Surgical and Sanitary Sciences by visiting various important centres in that country (and if time permits, on the Continent) and actually observing how things are being administered in the departments over which it has pleased the Government of H. H. the Maharaja to place me in this State.

It is needless for me to reiterate what has been explained by me in my letter, dated, 16th February 1922, to which your D.O. under advertance was a reply. I will therefore only invite a reference thereto (copy enclosed for convenience) and request that the Government may be moved to kindly reconsider the question of my deputation to England as therein prayed for.

If, in the opinion of Government, the financial situation still precludes their sanctioning my deputation, I request that they may be pleased to grant me privilege leave combined with furlough on average salary under Art: 209 A, newly sanctioned, for a period of 8 months with effect from 1st May 1923. Early orders may kindly be issued to enable me to make necessary preparations for leaving India early in May next and also to submit proposals and obtain sanction to acting arrangements that

will

will be required during my absence.

I have the honour to be,

Sir,

Your most obedient servant,

J. D. Macgregor

Senior Surgeon.

Office of the senior Surgeon in Mysore,

16th February 1922.

No. G.C. 224 dated 17th Feb.1922.

From

The Senior Surgeon in Mysore,
Bangalore.

To

The Secretary to Government of Mysore,
Revenue Department, Bangalore.

Sir,

I have the honour to bring to the kind notice of the Government that it is now nearly 17 years since I returned from England after obtaining the Diploma of F.R.C.S.(England) and 14 years since I joined the Mysore Medical Service. During these long years, the Medical Science, especially, the branches relating to general Surgery, and Ear, Throat and Nose diseases, has advanced rapidly and many novel and interesting operations have been devised for the amelioration of the sick during the great European war.

2. Ailments that were considered to be beyond the reach of Science in my student days, are being treated successfully by the latest scientific methods. Not only in the above specialities which I have practised all these years, but also, in several other directions, progress has been made by leaps and bounds.

3. It will be readily admitted that in the interests of a Scientific department, like the Medical, its administrative Head should be acquainted with all the latest developments to enable him to bring the several institutions under his charge, to a high state of efficiency. Otherwise, the administration is likely to degenerate into a purely signing machinery. All scientific departments of the State need this periodical brushing up, if these departments are expected to keep pace with the times. I need not dilate on the manifold advantages that will accrue to the medical department, in particular if this principle is accepted and acted upon.

4. Before my late predecessor in office was appointed to this post, the Government accepted this principle and sent him on deputation to England to acquaint himself with the latest improve-

improvements in Operative Surgery in Hospital management and general medical administration. Unfortunately, he was called away prematurely from the scene of his labour and the department is poorer to day by his loss.

5. Now that the Government of His Highness the Maharaja of Mysore have been pleased to appoint me as Senior Surgeon, I beg to submit that it will be of greater advantage to the State to send me also on deputation to England at the very beginning of my new career to acquaint myself with all the latest scientific methods of treatment and with the administration of the hospitals and sanatoria than to do so at the tail end of my career. I have now an ample supply of both energy and enthusiasm. It would also enable me to make personal acquaintance with the manufacturers of Surgical instruments, appliances, medicines etc. and come to some arrangement to obtain these articles to the best advantage of the State.

6. Being a member of the University Council and interested in the Educational movements in the State, my activities will be directed in these directions also.

7 The cost to Government to send me on deputation for six months, excluding the period to be spent on journey which may be taken as 1½ or 2 months, will be as follows:-

1. six months' pay ...	Rs.8.400/-
2.Daily allowance at the rate of £1/- per diem @ Rs.15 for 6 months. or 182 days.. ...	2,730/-
3.First class passage to and from England @ £80/- each journey (@Rs.15/-)	2,400/-
Total.....	Rs.13,530/-

As I am already entitled to 3½ months' privilege leave I shall get Rs.4,900/-

If the balance of leave viz., 4½ months be treated as Furlough, I shall be entitled to Rs.3150/-

Total Rs.8,050/-

8. The difference being only Rs.5,480/. and with other incidental charges, the total difference is not likely to

to exceed Rs.6,000/- which sum, is worth spending considering the advantages to be thereby secured as pointed out above.

9. If the Government are favourable to my proposal, I beg that early orders may be passed to enable me to leave India at the earliest possible date, as there will be great difficulty in obtaining a berth later on.

10. Suitable arrangements will be made to carry on the work of the department in my absence. All important matters will be attended to before I leave and my locum tenens will have only to carry on the routine work.

I have the honour to be,

sir,

Your most obedient servant,

sd.H.B.MYLVAGANAM.
SENIOR SURGEON.
